general manager of the association,

### FATHER TAKES BABY.

The domestic tide has not been run-  
ning very smoothly for Emelee Kel-  
ley and his wife, a daughter of O. A.  
Miller and wife of this city, and when  
a few weeks ago it was suggested  
that they return to Columbus from  
Prattville, Ala., where they went a  
few weeks ago, it was readily con-  
sented to. Mrs. Kelley and her seven  
months old baby reached this city  
last Sunday a week ago and her hus-  
band followed on the next train. Mrs.  
Kelley returned to the home of her  
parents on Fifth avenue, south, be-  
tween First and Second street.

Things didn't run well between the  
husband and the wife and the climax  
came last Monday morning when Kel-  
ley went to his wife's home, and  
finding their baby on the front porch  
asleep, he gathered the infant in his  
arms and fled. Children who had  
been playing on the porch saw him  
as he made away and they informed  
the mother and the grandmother.  
They tried to stop him but Kelley  
had disappeared. Then the police  
were appealed to and officers sent  
telegrams to Artesia and West Point

and other places in the hope of stop-  
ping the man. Kelley was seen cross-  
ing the county bridge at nine o'clock  
on Monday morning by the crew  
painting the bridge and it is pre-  
sumed that he was making his way  
to the M. & O. to take a train to  
Mobile, where, it is said, his parents  
reside.

It seems that it is a violation of  
the law for a father to take a child  
from its mother before it is one year  
old, and Kelley was being sought un-  
der this charge.
